Capital \$2,018,775 65: ISAAC AUBOTT, SEC'T .................................J. B. COLLINS, PRES'T. HENRY H. HYDE, TRAVELING AGENT. I 1FE INSURANCE is simply setting aside and investing a sum yearly, with a certainty of a safe return with accumulations, whereas other investments, with a problable and surereturn, are not so easily found, and often end in an

entire loss.
It is an association formed by individuals, who unite together, under a contract, to support each other's families in case of death. In order to accomplish this it becomes necessary to establish a tund, which is done by a yearly contribution, dely apportioned among them according to their expectations of life, and the amount to be received by the

expectations of life, and the amount to be received by the family at each one's decease.

Suppose a person at \$5 years of age, whose premium on \$1,000 would be \$20.00 a year, should put this sum out at interest—at the end of one year, if he should decease, his family barely gets \$20.00 with interest added, making \$1,20 only. Whereas, from a life policy they would get \$1,000 with his proportions of the accumulation.

DR. BLEDSOE'S ALTERATIVE COMPOUND

The Remaily over all Remailes for the Diseases of the Liver Dyspecial, Enlargement and Information of the Spicen Hearthman, Chie Fluidence, Files, Considerpation, all diseases of the Bosels, and such diseases as arise from a disorderal state of the Stomach, Liver or Bowels, as Scrofala and Sores of any kind. For General Debility, from which Ludies frequently suffer, there is not its equal in the whole Materia Medica.

THE inventor of this preparation was for three years a completely prostrated from Dyspepsia and inactivity of the Liver that he was frequently for weeks at a time unable to mise himself from his bed. He sought aid from physicians at home and in Europe, but in vaim, his case was pronounced hopeless by thousands, and it was by accident that he succeeded in curing himself. Since he has been practicing medicine, his success in such cases has been unrivalled. He has been aware of the incredulity of the public, and consequently said nothing through the press of his own case, until the character of the medicine was fully established by its success, as shown by the certificates which have been advertised.

Lashian the certificates of Prof. M. Garagear, of Memphis. I subjoin the certificate of Prof. M. Garbert, of Memphis, Tenn., with whom I often advised during the time of my

I hereby certify that I have been acquainted with Dr. J. N. Bledsce and some years ago he was reduced I set evelower than I have ever seen any one that afterwards recovered, with what I supposed to be Dysopesia and Liver affection, and after trying the prescriptions of many Physicians in this as well as other countries, without relief, he finally succeded with a preparation of his own in being restored to good health.

Physicians are requested to try this preparation. We feel satisfied it will sustain the character we give to it in this publication.

Hunraville, January 12, 1852.

Dr. Blersoe:—I take the liberty and fell it to be my duty to recommend to all persons suffering from disease of the stomach and bowels, your Alterative Compound, as a very seperior medicine. My son, aged 15 years, had been under medical treatment about five years for dyspepsia and diarrhea—when having almost despaired of his recovery, I concluded to try your Alterative, two bottles of which, I believe, entirely cured him.

HUNTSVILLE, Oct. 17, 1852.

Die Bledson-Some time has einsted since I gave a certificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many differen medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would constitutive recommend it to all persons suffering from diseases of the liver and dyspepsia.

HUNTSVILLE, Sept, 29, 1851.

Dr. Bledson—Having seen the publication of your Alterative Compound, I think it my duty te say to the public, that I had been for years subject to spells of Cramp Colic, in its worst form; that I had tried almost every thing that is go yen by physicians, and never found any thing that would cer tainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour. relieved me in every attack in less than an hour. Dr. Blerson:—I feel that I should fall short of my duty to you and to those who are afflicted, were I not to further to you and to those who are afflicted, were I not to further recommend your Alterative Compound. It has entirely relieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is as good as it ever is at my advanced age. Should I ever suffer from dyspensia again I shall be sure to call on you. I am very respectfully your friend.

Dr. BLEDSOR:—Sin: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dyspessia and enlargement of the spicen, and thought that I never would recover. DR. FRASK'S MAGNETIC OINTMENT.

A MR. WINTERS had lost nearly all of his hair and had been hald for many years; by the use of three bottless of the Magnetic Ointment, had his hair entirely restored, and now has as beautiful a head of hair as any man could wish. His age is about 50 years.

A son of Mr. Warren, of this town, 14 years of age, had been afflicted with the Asthma from his oradle. He had the henefit of the best medical advice that a loving and wealthy father could procure, without avail. It was one of the most aggravated cases I ever saw, he was emacated almost to a skeleton. By the use of a few bottles of the Ointment he was thoroughly cured, and for seven months past has enjoyed robust health.

This was an extreme case of inflammation of the sultan.

This was an extreme case of inflammation of the spleen, of long standing; has a variety of treatment from no less than eight different physicians, without receiving benefit—was cured by the use of only four bottles of the Magnetic Ointment. This was four months ago and the lady (a Mrs. Dunham.) is still in good health, and able to attend to her usual household duties. Thave treated two cases of Chronic Sore Eyes with the Ointment, both of the patients so nearly blind, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 9 years. They had tried the best physicians in the State, without benefit; and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in vain efforts to effect a cure. They are now by use of the Magnetic Ointment, nearly or quite cured; and are able to Magnetic Ontment, nearly or quite cured; and are able to rend and attend to any ordinary business. I have used the Ointment in a number of cases of Piles, and in no case has it failed of giving immediate relief and generally a parmanent cure. I have also used it beneficially in severe cases of Erysipelas. And last but not least, I have within the last year cured four cases of CANCER by the use of the Magnetic
